OFFICE OF THE R.L.A.

The question for consideration appears to be whether in view of the fact tha-t subjects of Goa are being treated on par with the citizens of this country for purpose of employment in Government service or admission to Government education institutions, students of the Universities in this State who are subjects of Goa should be enrolled in the National Cadet Corps as a matter of course. The question o admission to Government service or educational institutions is quite distinct from the question of enrolment in the National Cadet Corps. Enrolment in the National Cadet Corps is governed by the provisions of the National Cadet Corps Act, 1948 (XXXI of 19 48) and the rules made thereunder. Section 7 of the Act provides th at the Central Government may by rules prescribe the persons or class of persons w o may be eligible for enrolment therein. Accordingly, by rule 5(aa) and similar rules 6(aa), 16(aa) etc., of the National Cadet Corps Rules, 1948, it has been prescribed by the Central Government that no student shall be eligible for enrolment unless he is a citizen of India or a subject of Nepal, provided that the Central Government may, in any suitable case, relax the provisions of this clause. The students who are subjects of Portuguese territories adjacent to India are not therefore eligible for enrolement in the National Cadet Corps unless relaxation of the rule is made in the-Nation their favour by the Central Government. Under the existing rules relaxation can be made by the Central Government on suitable cases i.e. in individual cases. It would be, therefore, necessary to approach the Government of India for such relaxation.
